

FOR PARENTS

Teach your child his address and telephone number as early as possible.

Identify with your child all the adults that can accompany him during outings.

Write your phone numbers (mobile, home, office) on a piece of paper and slide it inside your child's pocket or jacket.

Explain to your child the importance of always staying within eyesight when in public places.

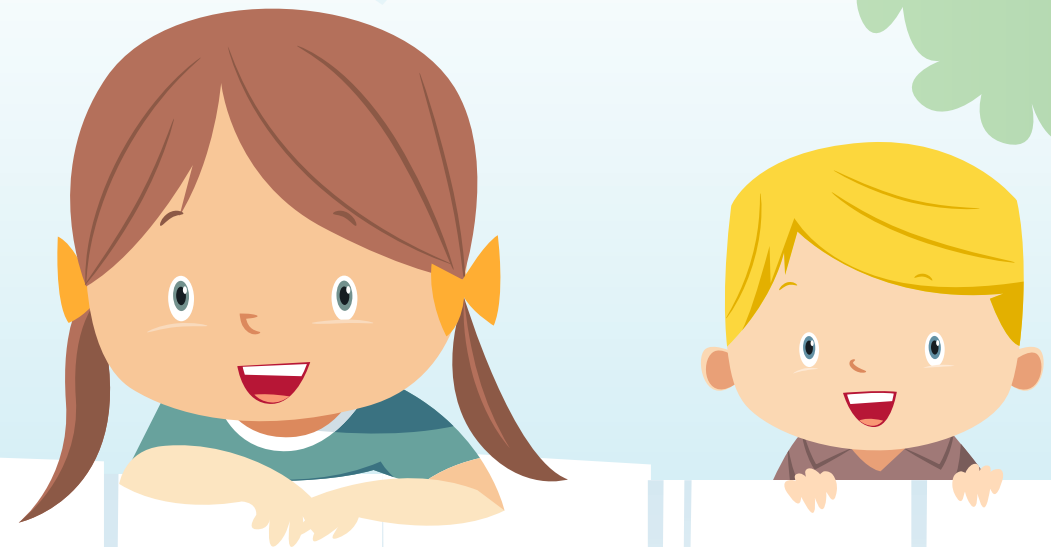

Teach your child the importance of always relying on their internal alarm (their intuition) and know whether they feel okay or not "inside".

1. Where do you live?

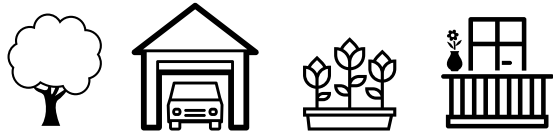

Juliette and Jacob Stay Safe pages 3 & 4

What colour is the door of your house? **Colour it.**

What makes your house different from all the other homes? **Circle your answers.**

What is the name of your city?

What is the name of your street?

Do you know your address?

___ YES ___ NO

Just like Juliette and Jacob, make sure that you also know your address and telephone number.

2. Who goes with you?

Juliette and Jacob Stay Safe pages 5 & 6

When you play outdoors?

When you go to daycare or school?

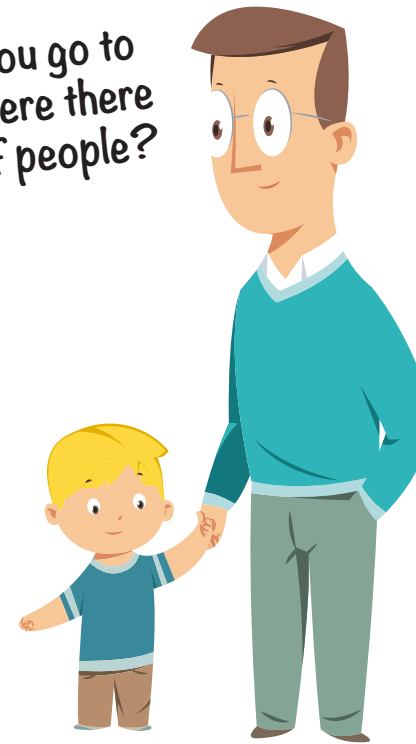

When you go shopping?

Just like Juliette and Jacob, make sure you never leave the house without first asking for permission.

3. Do you go to places where there are lots of people?

Juliette and Jacob Stay Safe pages 7 & 8

Colour the places you go to:

Store

On the Metro or bus

Movies

Circle the names of the people that you can go to if you need help.
